PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS OF
COCA-COLA BOTTLING CO. CONSOLIDATED
to be held on April 28, 2006

INTRODUCTION

This Proxy Statement is being furnished by the Board of Directors of Coca-Cola Bottling Co. Consolidated (the "Company") in connection with the solicitation of proxies by the Board of Directors for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at the Company's Snyder Production Center, 4901 Chesapeake Drive, Charlotte, North Carolina 28216 on Friday, April 28, 2006 at 10:00 a.m., local time, and at any adjournment thereof. On or about March 24, 2006, the Company will begin mailing to its stockholders this Proxy Statement and the accompanying form of proxy, the 2005 Summary Annual Report to Stockholders and the Annual Report on Form 10-K for the year ended January 1, 2006. The principal executive offices of the Company are located at 4100 Coca-Cola Plaza, Charlotte, North Carolina 28211.

RECORD DATE, VOTE REQUIRED AND RELATED MATTERS

The Board of Directors has fixed the close of business on March 14, 2006 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. At the close of business on March 14, 2006, the Company had issued and outstanding 6,643,077 shares of Common Stock and 2,460,252 shares of Class B Common Stock. Each share of Common Stock is entitled to one vote per share and each share of Class B Common Stock is entitled to 20 votes per share (or an aggregate of 55,848,117 votes with respect to the Common Stock and the Class B Common Stock voting together as a single class). Each stockholder may exercise his right to vote either in person or by properly executed proxy. The Common Stock and Class B Common Stock will vote together as a single class on all matters considered at the Annual Meeting.

Any person giving a proxy pursuant to this solicitation may revoke it at any time before it is voted at the Annual Meeting by (1) delivering a written notice of revocation to the Company's Secretary at the Company's principal executive offices, (2) submitting a later-dated proxy relating to the same shares by mail, telephone or the Internet or (3) attending the Annual Meeting and voting in person. If a choice is specified in the proxy, shares represented thereby will be voted in accordance with such choice. If no choice is specified, the proxy will be voted **FOR** the eleven nominees to the Board of Directors listed herein.

The presence, in person or by proxy, of the holders of a majority of the votes eligible to be cast by the holders of Common Stock and Class B Common Stock voting together as a class is necessary to constitute a quorum at the Annual Meeting. Directors are elected by a plurality of the votes cast at a meeting at which a quorum is present. Abstaining votes and broker non-votes are counted for purposes of establishing a quorum, but are not counted in the election of

directors and therefore have no effect on the election. A broker “non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular matter because the nominee does not have discretionary voting power for that particular matter and has not received instructions from the beneficial owner.

The Board of Directors has been informed that J. Frank Harrison, III intends to vote an aggregate of 1,984,495 shares of the Company’s Common Stock and 2,459,250 shares of the Company’s Class B Common Stock (representing 51,169,495 votes and an aggregate of 91.6% of the total voting power of the Common Stock and Class B Common Stock together as of the record date) **FOR** electing the Board of Directors’ nominees for director.

The Board of Directors is not aware of any matters to be brought before the Annual Meeting or any adjournment thereof other than the election of eleven directors and routine matters incidental to the conduct of the Annual Meeting. If, however, other matters are properly presented, it is the intention of the persons named in the accompanying proxy or their substitutes to vote the shares represented by the proxy in accordance with their best judgment on such matters.

The Board of Directors and its Committees

The Board of Directors held four meetings during the fiscal year ended January 1, 2006 (“fiscal year 2005”). Each director attended all of the meetings of the Board of Directors and the Committees of the Board of Directors on which he or she served during fiscal year 2005, except for Carl Ware. The full Board of Directors has determined that the following directors are “independent directors” within the meaning of the applicable rules of the National Association of Securities Dealers, Inc. (the “NASD”): H.W. McKay Belk, Sharon A. Decker, James E. Harris, Ned R. McWherter, John W. Murrey, III and Dennis A. Wicker.

The Board of Directors has an Audit Committee whose current members are Messrs. Belk (Chairman), Harris and Wicker and Ms. Decker. The primary purpose of the Audit Committee is to act on behalf of the Board of Directors in its oversight of all material aspects of the Company’s accounting and financial reporting processes, internal controls and audit functions, including the Company’s compliance with Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee functions pursuant to a written charter adopted by the Board of Directors. The Audit Committee reviews and reassesses the adequacy of its charter on an annual basis. The Board of Directors has determined that Mr. Harris is an “audit committee financial expert,” within the meaning of the regulations of the Securities and Exchange Commission (the “SEC”), and that all of the members of the Audit Committee are “independent,” within the meaning of the applicable rules of the NASD. The Audit Committee met seven times in fiscal year 2005. The formal report of the Audit Committee for fiscal year 2005 is set forth below under the caption “Report of the Audit Committee.”

The Board of Directors has a Compensation Committee whose current members are Messrs. Wicker (Chairman), Belk and McWherter. The Compensation Committee administers the Company’s compensation plans, reviews and establishes the compensation of the Company’s executive officers and makes recommendations to the Board of Directors concerning such compensation and related matters. The Compensation Committee met five times in fiscal year 2005. The formal report of the Compensation Committee for fiscal year 2005 is set forth below under the caption “Report of the Compensation Committee on Annual Compensation of Executive Officers.”

The Board of Directors does not have a standing Nominating Committee comprised solely of independent directors. The Board of Directors is not required to have such a committee because the Company qualifies as a “controlled company” within the meaning of Rule 4350(c)(5) of the NASD. The Company currently qualifies as a controlled company because more than 50% of the Company’s voting power is controlled by the Company’s Chairman and Chief Executive Officer, Mr. Harrison, III (the “Controlling Stockholder”). Rule 4350(c)(5) was adopted by the NASD in recognition of the fact that a majority stockholder may control the selection of directors and certain key decisions of a company by virtue of his or her ownership rights.

The Board of Directors has delegated to the Executive Committee the responsibility for identifying, evaluating and recommending director candidates to the Board of Directors, subject to the final approval of the Controlling Stockholder who is also a member of the Executive Committee. The current members of the Executive Committee are Messrs. Harrison, III (Chairman), Belk, Elmore and Wicker. Messrs. Belk and Wicker are independent directors within the meaning of the applicable rules of the NASD. Messrs. Harrison, III and Elmore do not qualify as independent directors. The Executive Committee met two times in fiscal year 2005.

The Executive Committee does not function pursuant to a formal written charter. However, taking into consideration the fact that the Company is a controlled company and that all director candidates must be acceptable to the Controlling Stockholder, the Board of Directors has approved the following nomination and appointment process for the purpose of providing the Company's constituencies with a voice in the identification of candidates for nomination and appointment.

In identifying potential director candidates, the Executive Committee may seek input from other directors, executive officers, employees, community leaders, business contacts, third-party search firms and any other sources deemed appropriate by the Executive Committee. The Executive Committee will also consider director candidates recommended by stockholders to stand for election at the next Annual Meeting, so long as such recommendations are submitted in accordance with the procedures described below under "Stockholder Recommendations of Director Candidates."

In evaluating director candidates, the Executive Committee does not set specific, minimum qualifications that must be met by a director candidate. Rather, in evaluating candidates for recommendation to the Board of Directors, the Executive Committee considers the following factors in addition to any other factors deemed appropriate by the Executive Committee:

- whether the candidate is of the highest ethical character and shares the values of the Company;
- whether the candidate's reputation, both personal and professional, is consistent with the image and reputation of the Company;
- whether the candidate possesses expertise or experience that will benefit the Company and that is desirable given the current make-up of the Board of Directors;
- whether the candidate is "independent" as defined by the applicable rules of the NASD and other applicable laws, rules or regulations regarding independence;
- whether the candidate is eligible to serve on the Audit Committee or other Board committees under the applicable rules of the NASD and other applicable laws, rules or regulations;
- whether the candidate is eligible by reason of any legal or contractual requirements affecting the Company or its stockholders;

- whether the candidate is free from conflicts of interest that would interfere with the candidate's ability to perform the duties of a director or that would violate any applicable listing standard or other applicable law, rule or regulation;
- whether the candidate's service as an executive officer of another company or on the boards of directors of other companies would interfere with the candidate's ability to devote sufficient time to discharge his or her duties as a director; and
- if the candidate is an incumbent director, the director's overall service to the Company during the director's term, including the number of meetings attended, the level of participation and the overall quality of performance of the director.

All director candidates, including candidates appropriately recommended by stockholders, are evaluated in accordance with the process described above. In all cases, however, the Executive Committee will not recommend any potential director candidate if such candidate is not acceptable to the Controlling Stockholder.

Stockholder Recommendations of Director Candidates

Stockholders who wish to recommend director candidates for consideration by the Executive Committee may do so by submitting a written recommendation to the Chairman of the Executive Committee c/o the Company's Secretary at 4100 Coca-Cola Plaza, Charlotte, North Carolina 28211. Such recommendation must include sufficient biographical information concerning the director candidate, including a statement regarding the director's qualifications. The Executive Committee may require such further information and obtain such further assurances concerning the director candidate as it deems reasonably necessary to the consideration of the candidate. Recommendations by stockholders for director candidates to be considered for the 2007 Annual Meeting of Stockholders must be submitted by November 24, 2006. The submission of a recommendation by a stockholder in compliance with these procedures does not guarantee the selection of the stockholder's candidate or the inclusion of the candidate in the Company's proxy statement; however, the Executive Committee will consider any such candidate in accordance with the procedures described above under the caption "The Board of Directors and its Committees."

Stockholder Communications with the Board of Directors

The Company's Annual Meeting provides an opportunity each year for stockholders to ask questions of or otherwise communicate directly with directors on matters relevant to the Company. Absent extenuating circumstances, each of the Company's directors is required to attend in person the Annual Meeting. All of the then current members of the Board of Directors attended the 2005 Annual Meeting. In addition, stockholders may, at any time, communicate with any of the Company's directors by sending a written communication to such director c/o the Company's Secretary at 4100 Coca-Cola Plaza, Charlotte, North Carolina 28211.

All communications received in accordance with these procedures will be reviewed by the Secretary and forwarded to the appropriate director or directors unless such communications are considered, in the reasonable judgment of the Secretary, to be improper for submission to the intended recipient. Examples of stockholder communications that would be considered improper for submission include communications that:

- do not relate to the business or affairs of the Company or the functioning or constitution of the Board of Directors or any of its committees;
- relate to routine or insignificant matters that do not warrant the attention of the Board of Directors;
- are advertisements or other commercial solicitations;
- are frivolous or offensive; or
- are otherwise not appropriate for delivery to directors.

Director Compensation

The independent directors of the Company and the designee of The Coca-Cola Company (as described below under the caption “Transactions with The Coca-Cola Company—Stock Rights and Restrictions Agreement”) are paid \$30,000 as an annual retainer, \$1,500 for each meeting of the Board of Directors attended and \$1,250 for each Committee meeting attended. The Chairman of the Audit Committee, the Chairman of the Compensation Committee and the Lead Independent Director receive an additional retainer of \$7,500, \$5,000 and \$2,500 per year, respectively.

Under the Company’s Director Deferral Plan, as amended effective January 1, 2005, directors of the Company who are not also employees of the Company may defer payment of all or a portion of their annual retainer and meeting fees until they no longer serve on the Board of Directors. Fees deferred are deemed to be invested in certain investment vehicles selected by the directors. Upon resignation or retirement, a participating director will be entitled to receive a cash payment based upon the amount of fees deferred and the investment return on the selected investment vehicle. If a director’s service terminates prior to age 65, amounts accrued under his or her account are paid out in a single cash payment. If a director’s service terminates at or after age 65, amounts accrued under his or her account are paid out, at the election of the director, either in a single cash payment or in ten equal annual installments (with an imputed 8% return on the deferred installments).

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's executive officers, directors and certain persons who beneficially own more than 10% of the Company's Common Stock to file with the SEC initial reports of ownership and reports of changes in ownership of the Common Stock and other equity securities of the Company. Executive officers, directors and such greater than 10% stockholders are required to furnish the Company with copies of all such reports they file. Based solely on its review of the copies of such reports received by it and written representations that no other reports were required for such persons, the Company believes that, during fiscal year 2005, all filing requirements applicable to its executive officers, directors and such greater than 10% stockholders were complied with on a timely basis, except Coca-Cola Enterprises Inc., an owner of more than 10% of the Company's Common Stock, filed a late Form 5 on March 9, 2006 to report that it was not timely in filing its initial statement of beneficial ownership of the Common Stock of the Company on Form 3 and to report one late Form 4 transaction.

Harrison, Elmore, Flint, Mayhall and George of \$6,300 each; (b) Company contributions to the Supplemental Savings Incentive Plan (Mr. Harrison—\$31,596, Mr. Elmore—\$26,615, Mr. Flint—\$7,125, Mr. Mayhall—\$28,570 and Mr. George—\$18,703); (c) life insurance premiums paid by the Company (Mr. Harrison—\$222,704, Mr. Elmore—\$7,993, Mr. Flint—\$1,273, Mr. Mayhall—\$3,047 and Mr. George—\$1,929); (d) excess group life insurance premiums paid by the Company (Mr. Harrison—\$1,837, Mr. Elmore—\$1,490, Mr. Flint—\$955, Mr. Mayhall—\$1,220 and Mr. George—\$1,383); (e) accrued benefit amounts for 2005 under split-dollar and deferred compensation replacement benefit agreements (Mr. Elmore—\$15,524, Mr. Mayhall—\$10,345 and Mr. George—\$8,980); and (f) amounts paid in connection with the early termination of split-dollar and deferred compensation replacement benefit agreements in excess of previously accrued benefits under such agreements (Mr. Elmore—\$61,716, Mr. Mayhall—\$6,280 and Mr. George—\$61,163).

- (3) With respect to Mr. Harrison, III, includes \$242,296, \$181,329 and \$96,332 attributable to non-business use of Company aircraft for fiscal years 2005, 2004 and 2003, respectively. For fiscal years 2005 and 2004, non-business use of Company aircraft was calculated based on aggregate incremental cost to the Company. For fiscal year 2003, such amounts were calculated based on the Standard Industry Fare Level (“SIFL”) method for valuing non-business aircraft use. Under the SIFL method, Mr. Harrison, III’s non-business use of Company aircraft was \$98,223 and \$83,628 for fiscal years 2005 and 2004, respectively. With respect to Mr. George, includes \$50,000 for a country club initiation fee paid in 2004.
- (4) During 1999, Mr. Harrison, III received a restricted stock award of 200,000 shares of the Company’s Class B Common Stock that vests in equal installments over a 10-year period subject to the achievement of certain performance goals by the Company. Because performance goals were exceeded for fiscal years 2005, 2004 and 2003, shares vested with respect to each of those years. See “Report of the Compensation Committee on Annual Compensation of Executive Officers.” The amounts with respect to fiscal years 2005, 2004 and 2003 are based on the value of the Company’s Common Stock on the last day of each such fiscal year and include an income tax reimbursement in each such fiscal year of \$645,075, \$855,850 and \$790,892, respectively.

Retirement Plan

The Company maintains a tax-qualified retirement plan for the majority of its non-union employees including the Named Executive Officers (the “Retirement Plan”) providing for payments computed on an actuarial basis. The following table sets forth the estimated annual benefits payable under the Retirement Plan in a single life annuity upon retirement at age 65 to persons born in 1953 at the compensation and years of service classifications set forth below.

Annual Benefit Under Retirement Plan

<i>Five-Year Average Compensation</i>	<i>Years of Service</i>				
	<i>15 Years</i>	<i>20 Years</i>	<i>25 Years</i>	<i>30 Years</i>	<i>35 Years</i>
\$125,000	\$ 22,959	\$ 30,613	\$ 38,266	\$ 45,919	\$ 45,919
150,000	28,959	38,613	48,266	57,919	57,919
175,000	34,959	46,613	58,266	69,919	69,919
200,000	40,959	54,613	68,266	81,919	81,919
210,000	43,359	57,813	72,266	86,719	86,719

Compensation for purposes of determining a participant’s “five-year average compensation” generally includes the salaries and bonuses shown in the Summary Compensation Table. However, because the Retirement Plan is a tax-qualified pension plan, the maximum amount of five-year average compensation under the terms of the Retirement Plan is \$210,000. As of January 1, 2006, each of the Named Executive Officers has a five-year average compensation of \$210,000 for purposes of the Retirement Plan, except Mr. Flint who has not been employed by the Company for five years. Mr. Flint’s compensation for purposes of the Retirement Plan is also \$210,000 based on his average salary and bonus for 2005 and 2004. The Named Executive

Officers have the following years of service for purposes of the Retirement Plan: Mr. Harrison III, 29 years; Mr. Elmore, 21 years; Mr. Flint, 2 years; Mr. Mayhall, 17 years; and Mr. George, 23 years.

Officer Retention Plan

Under the Company's Officer Retention Plan, as amended effective January 1, 2005 (the "Retention Plan"), eligible participants (including the Named Executive Officers) may elect to receive an annuity payable in equal monthly installments over a 10, 15 or 20 year period commencing at retirement or, in certain instances, upon termination of employment. The benefits under the Retention Plan increase with each year of participation as set forth in an agreement between the participant and the Company. Benefits under the Retention Plan are 50% vested until age 50. After age 50, the vesting percentage increases by an additional 5% each year until the benefits are fully vested at age 60. The Retention Plan also provides for a lump sum death benefit. If a participant dies before annuity payments have begun, this death benefit equals the vested percentage of the benefit accrued as of the date of death. If a participant dies after annuity payments have begun, the present value of the remaining monthly installments (assuming an 8% per annum discount rate) is paid to the participant's beneficiary in a lump sum.

Upon a Change in Control (as defined below), any participant actively employed on the Change in Control date is eligible for a Change in Control benefit in lieu of any other benefits to which he may have been entitled under the Retention Plan. The Change in Control benefit is equal to the retirement benefit the participant would have received under the Retention Plan had he continued to work through normal retirement age 60, and is payable in a lump sum or in equal monthly installments over 10, 15 or 20 years at the election of the participant.

For purposes of the Retention Plan and Supplemental Savings Plan (as described below), a Change in Control generally occurs in the following circumstances:

- (a) when a person or group other than the Harrison family acquires shares of the Company's capital stock having the voting power to designate a majority of the Company's Board of Directors;
- (b) when a person or group other than the Harrison family acquires or possesses shares of the Company's capital stock having power to cast (i) more than 20% of the votes regarding the election of the Board of Directors and (ii) a greater percentage of the votes regarding the election of the Board of Directors than the shares owned by the Harrison family;
- (c) upon the sale or disposition of all or substantially all of the assets of the Company and its subsidiaries outside the ordinary course of business other than to a person or group controlled by the Company or the Harrison family; or
- (d) upon the merger or consolidation of the Company with another entity where the Company is not the surviving entity.

The estimated annual benefits payable upon retirement at age 60 for each of the Named Executive Officers are currently: Mr. Harrison, III, \$1,624,961 for 15 years; Mr. Elmore, \$1,150,617 for 10 years; Mr. Flint, \$338,252 for 15 years; Mr. Mayhall, \$225,501 for 15 years; and Mr. George, \$287,654 for 10 years.

Supplemental Savings Incentive Plan

Pursuant to the Company's Supplemental Savings Incentive Plan, as amended effective January 1, 2005 ("Supplemental Savings Plan"), eligible participants may elect to defer a portion of their annual salary and bonus. Prior to 2006, the Company matched 30% of the first 6% of salary (excluding bonuses) deferred by the participant. Beginning in 2006, the Company will match 50% of the first 6% of salary (excluding bonuses) deferred by the participant. The Company will also make additional contributions during 2006, 2007 and 2008 ("Transition Contributions") ranging from 10% to 40% of a participant's annual salary (excluding bonuses), with contributions above the 10% level depending on the attainment by the Company of certain annual performance objectives. The Company may also make discretionary contributions to participants' accounts, which may be intended to offset the reductions in maximum benefits payable under the Retirement Plan or other qualified plans sponsored by the Company.

Participants are immediately vested in all deferral contributions they make and become fully vested in Company contributions (other than Transition Contributions) upon completion of five years of service (vesting in 20% annual increments after completing one year of service) or termination of employment due to death or retirement or a Change in Control (as defined above). Participants will become fully vested in Transition Contributions if they are employed with the Company on December 31, 2010 (vesting in 20% annual increments from December 31, 2006 until December 31, 2010) or upon termination of employment due to death or retirement or a Change in Control (as defined above).

Participant deferrals and Company contributions made in years prior to 2006 are deemed invested in either a fixed benefit option or certain investment funds specified by the Company. Balances in the fixed benefit option accrue up to a 13% return (depending upon the participant's age, years of service and other factors). Participant deferrals and Company contributions made in years after 2005 will be deemed invested in certain investment choices similar to those available in the Company's 401(k) plan, and the fixed benefit option will not be available.

During fiscal year 2005, Company contributions for the Named Executive Officers under the Supplemental Savings Plan were: Mr. Harrison, III, \$31,596; Mr. Elmore, \$26,615; Mr. Flint, \$7,125; Mr. Mayhall, \$28,570; and Mr. George, \$18,703.

Consulting Arrangement

On March 1, 2005, the Company entered into a consulting agreement with Mr. Pettus, who served as an officer of the Company in various capacities from 1984 to 2005 and is currently the Vice Chairman of the Board of Directors. Mr. Pettus has agreed to assist the Company with its

stewardship programs and the on-going development and fostering of the Company's customer and officer relationships and to assist management of the Company with major projects and the general oversight and guidance of the Company. Mr. Pettus will receive a fee of \$350,000 per year and reimbursement for annual country club dues during the term of the agreement. The agreement does not modify the retiree benefits to which Mr. Pettus is otherwise entitled. The agreement extends through February 28, 2007, but is subject to termination by Mr. Pettus or upon Mr. Pettus's death, disability or failure to perform his duties under the agreement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

H.W. McKay Belk, Ned R. McWherter and Dennis A. Wicker serve on the Compensation Committee. None of such persons has ever been an officer or employee of the Company or any of its subsidiaries. During fiscal year 2005, no executive officer of the Company served as a director or member of the compensation committee (or other committee performing similar functions) of any other entity of which an executive officer served on the Board of Directors or Compensation Committee of the Company.

REPORT OF THE COMPENSATION COMMITTEE ON ANNUAL COMPENSATION OF EXECUTIVE OFFICERS

The Board's Compensation Committee, currently composed of Messrs. H.W. McKay Belk, Ned R. McWherter and Dennis A. Wicker, administers the Company's compensation plans, reviews and approves executive compensation and makes recommendations to the Board concerning such compensation and related matters. This report relates to the Compensation Committee's policies for the Company's executive officers, including the Named Executive Officers, for fiscal year 2005.

Overview. In fiscal year 2005, the Compensation Committee undertook a strategic review of the Company's total officer compensation, which was performed in consultation with the Compensation Committee by a cross-functional team comprised of representatives of the Company's executive management, human resources department, finance department, legal counsel and outside compensation consultants. This strategic review was initiated by the Compensation Committee in response to the Company's long range business plan and the American Jobs Creation Act of 2004 (the "Jobs Creation Act") and involved an in-depth review of market benchmarks for competitive pay and benefits policies, the Company's long range business plan, the Company's culture and values, and changes in applicable law including the Jobs Creation Act. Based on this review, the Compensation Committee's and the Company's policies and goals for executive compensation include assuring that total executive compensation is:

- competitive to attract and retain the best officer talent;
- affordable to the Company and appropriately aligned with shareholder interests;

- fair, equitable and consistent as to each component of compensation;
- consistent with the Company's long-range business plans;
- designed to consider individual value and contribution to the Company's success;
- reasonably balanced across types and purposes of compensation, particularly with respect to performance-based objectives and retention and retirement objectives;
- sensitive to, but not exclusively reliant upon, market benchmarks;
- reasonably sensitive to the needs of the Company's executive officers, as those needs change over time; and
- flexible with regard to the Company's succession planning objectives.

As a result of the Company's review of its total officer compensation, the Company amended certain of its non-qualified deferred compensation and retirement plans in fiscal year 2005, as discussed below, (i) to better align the plans with the Company's overall goals with respect to executive compensation and (ii) to comply with the Jobs Creation Act, which changed the income tax treatment of nonqualified deferred compensation plans and imposed new requirements on both the terms and operations of such plans. The Compensation Committee expects to continue its review of total officer compensation in fiscal year 2006, which may lead to additional changes to the Company's policies and overall approach to executive compensation.

In addition to annual base compensation, the Company has traditionally provided its executives with an opportunity to earn bonuses based upon corporate performance as well as factors related to each individual's performance. Accordingly, a significant portion of any executive's compensation typically consists of performance-based bonuses. Measurement of corporate performance is primarily based on Company objectives, which are set based on industry conditions and industry-wide and Company performance levels and approved by the Board of Directors. The performance of individual executives is evaluated on the basis of both pre-determined performance goals for the Company and factors related to the contributions of each individual.

While the Company has not historically used equity as a significant component of compensation (other than with respect to its Chairman and Chief Executive Officer, J. Frank Harrison, III), it does provide its executive officers, including Mr. Harrison, III, with deferred compensation and retirement benefits as well as other employee benefits and perquisites as described below and herein.

Base Salaries. Base salaries for the Company's executive officers, including Mr. Harrison, III and the Named Executive Officers, were adjusted from the prior year. The Compensation Committee periodically reviews base salary levels for the Company's executive officers in comparison with those of other companies in the soft drink bottling industry, as well as other

industries, and in light of its overall strategic goals for executive officer compensation. Base salaries for the Company's executive officers, including Mr. Harrison, III and the Named Executive Officers, increased by an average of 3.1% in fiscal year 2005 compared to fiscal year 2004. For base salaries in fiscal year 2005, the Compensation Committee relied upon a study published by Watson Wyatt Data Services that surveyed 1,927 for-profit companies, including many "Fortune 500" companies but excluding financial services companies. The survey provided compensation information by separate categories of employers. Employer categorization factors included those defined by industry, size and geographic location. The Company strives to maintain executive base salaries at a level that will permit it to compete with other major companies for managers with comparable qualifications and abilities. Based on information contained in the Watson Wyatt survey, the Compensation Committee believes that the overall compensation of the Company's executive officers generally places them above the median compensation of similarly situated executives in all industries covered by the survey. The Compensation Committee believes that Mr. Harrison, III's overall compensation places him above the median compensation of similarly situated executives.

Other factors traditionally considered by the Compensation Committee in its periodic review of executive salary levels include (i) the Company's total operating budget for each fiscal year, (ii) the impact of annual changes in the consumer price index and (iii) a comparison of the Company's executive compensation programs to available information concerning those of other comparable public companies. Due to wide disparities in levels of executive compensation revealed in the published information regarding the companies included in the Company's peer group index, the Compensation Committee did not believe that such information provided a meaningful basis for evaluating the overall compensation of the Company's executive officers for fiscal year 2005, and therefore relied upon the information contained in the Watson Wyatt survey for purposes of such evaluation. With respect to base salaries for fiscal year 2006, the Compensation Committee will continue to consider market benchmarks along with the Company's other strategic goals for executive compensation.

Annual Bonus Plan. The Company's Annual Bonus Plan is administered by the Compensation Committee, which annually selects participants who hold key positions with the Company or its subsidiaries. The total cash bonus awardable to a participant is determined by multiplying such participant's base salary by three factors:

- the participant's approved bonus percentage factor;
- the participant's indexed performance factor; and
- the Company's overall goal achievement factor.

The participant's approved bonus percentage factor is based on the relative responsibility and contribution to the Company's performance attributed to the participant's position with the Company, while the participant's indexed performance factor is determined by such individual's actual performance during the fiscal year (except that, for purposes of Section 162(m) of the

Internal Revenue Code, the indexed performance factor for the officers covered by Section 162(m) is set at the beginning of the fiscal year). The overall goal achievement factor is determined by the Company's performance in relation to pre-set Company performance goals, as discussed below.

Annual goals for selected Company performance indicators under the Annual Bonus Plan are set either in the fourth quarter preceding a fiscal year or the first quarter of a fiscal year. These goals are approved by the Compensation Committee and ratified by the Board of Directors. The selected performance indicators for fiscal year 2005 under the Annual Bonus Plan were operating cash flow, free cash flow, net income, unit volume, market share and a value measure. The Compensation Committee assigns different weights to each of the performance indicators based on the perceived need to focus more or less on any particular objective in a given year. The corporate performance indicators and related weights are established after evaluating industry conditions, available information on the performance of other companies in the soft drink bottling industry, the Company's prior year performance and the Company's specific needs for the current year. For fiscal year 2005, the following weights were assigned to the performance indicators:

<u>Performance Indicator</u>	<u>Assigned Weight</u>
Operating Cash Flow	30%
Free Cash Flow	40%
Net Income	10%
Unit Volume	5%
Market Share	5%
Value Measure	10%

The performance indicators, as weighted, make up the Company's overall goal achievement factor, which is calculated on the basis of a graduated scale ranging from a goal achievement of between 89% and 110% of each particular performance indicator. Target goals were met or exceeded for four of the performance indicators. For two other performance indicators, actual performance exceeded the pay-out threshold of 89% but was below the 100% target.

Although the Company's Annual Bonus Plan enables the Compensation Committee to calculate bonuses derived from the factors described above, the Compensation Committee has absolute discretion to decrease or eliminate awards under the Company's Annual Bonus Plan. The Compensation Committee did not elect to so decrease or eliminate bonus awards with respect to fiscal year 2005. The amount of annual bonus awards under the Annual Bonus Plan for each of the Named Executive Officers for the fiscal years 2005, 2004 and 2003 is included in the Summary Compensation Table under the heading "Bonuses."

Restricted Stock. During 1999, Mr. Harrison, III received a restricted stock award of 200,000 shares of the Company's Class B Common Stock that vests in equal installments over a 10 year period subject to the achievement of at least 80% of the Company's overall goal achievement factor for the selected performance indicators used in determining bonuses under

the Company's Annual Bonus Plan. The award also includes cash payments by the Company to Mr. Harrison, III for the reimbursement of income taxes related to the vesting of restricted stock. This restricted stock award is intended to qualify as "performance-based compensation" under Section 162(m) of the Internal Revenue Code. The primary purpose of the award is to make a significant portion of Mr. Harrison, III's compensation dependent on the Company achieving its performance goals. The award was approved by the Company's stockholders at the annual meeting held on May 12, 1999. Pursuant to the terms of the award, 20,000 shares vested, effective January 2, 2006, based on the determination of the Compensation Committee that at least 80% of the Company's overall goal achievement factor had been obtained for fiscal year 2005. The Company has not historically used stock options or equity awards as a significant component of executive compensation, other than with respect to Mr. Harrison, III.

ORP and SSIP. As part of its overall executive compensation policy, the Company provides certain key executives, including Mr. Harrison, III and the Named Executive Officers, certain deferred compensation and retirement benefits, including the opportunity (i) to participate in the Company's supplemental savings incentive plan as described under the heading "Supplemental Savings Incentive Plan" and (ii) to receive additional retirement and survivor benefits pursuant to the officer retention plan as described under the heading "Officer Retention Plan." As a result of the Company's strategic review of total executive officer compensation, the Company amended its Supplemental Savings Incentive Plan and Officer Retention Plan in fiscal year 2005 to better align the plans with the Company's overall goals with respect to total executive compensation and to comply with the Jobs Creation Act. The amendments included (i) an amendment to the Supplemental Savings Incentive Plan to eliminate salary deferral contributions and Company contributions after 2005 to the fixed benefit option under the Supplemental Savings Incentive Plan, (ii) an amendment to the Officer Retention Plan to provide 50% vesting of accrued benefits under the Officer Retention Plan until age 50, with such percentage increasing by 5% each additional year until age 60, and (iii) certain other amendments to the Plans as described in the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on November 9, 2005.

Other Benefits. The Company's total annual compensation package for its executives also includes:

- the opportunity to participate, on the same basis as other non-union employees, in the Coca-Cola Bottling Co. Consolidated Savings Plan;
- the opportunity to participate in the Company's tax-qualified retirement plan as described under the heading "Retirement Plan"; and
- certain perquisites and personal benefits.

The Company also provides life insurance coverage for certain key executives, including Mr. Harrison, III, and, for certain key executives other than Mr. Harrison, III, certain deferred compensation benefits designed to replace previous benefits received by such executives under terminated split-dollar life insurance arrangements.

Section 162(m). The Company believes that all compensation paid or payable to its executive officers covered under Section 162(m) of the Internal Revenue Code will qualify for deductibility under such Section.

COMMON STOCK PERFORMANCE GRAPH

Presented below is a line graph comparing the yearly percentage change in the cumulative total return on the Company's Common Stock to the cumulative total return of the Standard & Poor's 500 Index and a peer group for the period commencing December 29, 2000 and ending January 1, 2006. The peer group is comprised of Anheuser-Busch Companies, Inc.; Cadbury Schweppes plc (ADS); Coca-Cola Enterprises Inc.; The Coca-Cola Company; Cott Corporation; National Beverage Corp.; PepsiCo, Inc.; Pepsi Bottling Group, Inc. and PepsiAmericas.

The graph assumes that \$100 was invested in the Company's Common Stock, the Standard & Poor's 500 Index and the peer group on December 29, 2000 and that all dividends were reinvested on a quarterly basis. Returns for the companies included in the peer group have been weighted on the basis of the total market capitalization for each company.

Transactions with The Coca-Cola Company

Concentrates and Syrups; Marketing Programs. The Company's business consists primarily of the production, marketing and distribution of soft drink products of The Coca-Cola Company, which is the sole owner of the secret formulas under which the primary components (either concentrates or syrups) of its soft drink products are manufactured. Accordingly, the Company purchases a substantial majority of its requirements of concentrates and syrups from The Coca-Cola Company in the ordinary course of its business. The prices of these concentrates and syrups are generally set by The Coca-Cola Company from time to time at its discretion. The following table summarizes the significant transactions between the Company and The Coca-Cola Company during fiscal year 2005:

<u>Transactions</u>	<u>Amount (in millions)</u>

Fountain delivery and equipment repair fees paid to the Company	8.1
Presence marketing funding support provided by The Coca-Cola Company on the Company's behalf	6.4
Sale of energy products to The Coca-Cola Company	27.9

Piedmont Coca-Cola Bottling Partnership. On July 2, 1993, Piedmont Coca-Cola Bottling Partnership (the "Partnership") was formed by wholly owned subsidiaries of the Company and The Coca-Cola Company to distribute and market finished bottle, can and fountain beverage products under trademarks of The Coca-Cola Company and other third party licensors in portions of North Carolina, South Carolina, Virginia and Georgia. Initially, the Company and The Coca-Cola Company each beneficially owned a 50% interest in the Partnership. The Company currently beneficially owns a 77.3% interest in the Partnership and The Coca-Cola Company beneficially owns a 22.7% interest in the Partnership. The initial term of the Partnership is through 2018, subject to early termination as a result of certain events. Each partner's interest is subject to certain limitations on transfer, rights of first refusal and other purchase rights upon the occurrence of specified events.

The Company manufactures and packages products and manages the Partnership pursuant to a management agreement. In connection with the management agreement, the Company receives a fee based on total case sales, reimbursement for its out-of-pocket expenses and reimbursement for sales branch, divisional and certain other expenses. The term of the management agreement is through 2018, subject to early termination in the event of certain change in control events, a termination of the Partnership or a material default by either party.

During fiscal year 2005, the Company received management fees of \$21.1 million from the Partnership. The Company sells product at cost to the Partnership. These sales amounted to \$65.9 million in fiscal year 2005. The Company subleases various fleet and vending equipment to the Partnership at cost. These sublease rentals amounted to \$8.6 million in fiscal year 2005. The Partnership also subleases various fleet and vending equipment to the Company at cost. These sublease rentals amounted to \$.2 million during fiscal year 2005.

During 2002, the Company agreed to provide up to \$195 million in revolving credit loans to the Partnership. The Partnership pays the Company interest on the loans at the Company's average cost of funds plus 0.50% (7.28% at January 1, 2006). As of January 1, 2006, the aggregate outstanding principal balance of the loans was \$104.8 million. The loan agreement was amended August 25, 2005 to extend the maturity date from December 31, 2005 to December 31, 2010 on terms comparable to the previous loan agreement.

Stock Rights and Restrictions Agreement. Pursuant to a Stock Rights and Restrictions Agreement dated January 27, 1989 (the "Rights and Restrictions Agreement") between the Company and The Coca-Cola Company, The Coca-Cola Company agreed (a) not to acquire additional shares of Common Stock or Class B Common Stock except in certain circumstances and (b) not to sell or otherwise dispose of shares of Class B Common Stock without first converting them into Common Stock except in certain circumstances. The Coca-Cola Company granted the Company a right of first refusal with respect to any proposed disposition of any shares owned by it, and the Company granted The Coca-Cola Company certain registration rights with respect to such shares. The Coca-Cola Company further agreed that if its equity ownership reaches 30.67% or more of the Company's outstanding common stock of all classes, or its voting interest reaches 23.59% or more of the votes of all outstanding shares of all classes, then it will (i) negotiate in good faith with the Company to sell to the Company the number of shares of Common Stock or Class B Common Stock necessary to reduce its equity ownership to 29.67% of the outstanding common stock of all classes and (ii) convert the number of shares of Class B Common Stock necessary to maintain its ownership of Class B Common Stock to between 20% and 21% of the outstanding shares of Class B Common Stock and to maintain its voting interest at between 22.59% and 23.59% of the votes of all outstanding shares of all classes.

Additionally, if the Company issues new shares of Class B Common Stock upon the conversion or exercise of any security, warrant or option of the Company that results in The Coca-Cola Company owning less than 20% of the outstanding shares of Class B Common Stock and less than 20% of the total votes of all outstanding shares of all classes of the Company, The Coca-Cola Company has the right to exchange shares of Common Stock for shares of Class B Common Stock in order to maintain its ownership of at least 20% of the outstanding shares of Class B Common Stock and at least 20% of the total votes of all outstanding shares of all classes of the Company. Under the Rights and Restrictions Agreement, The Coca-Cola Company also has a preemptive right to purchase a percentage of any newly issued shares of any class in order for it to maintain ownership of both 29.67% of the outstanding shares of common stock of all classes and 22.59% of the total votes of all outstanding shares of all classes. Each of the percentages

referenced in this paragraph and the preceding paragraph are subject to downward adjustment if The Coca-Cola Company voluntarily disposes of shares of Common Stock or Class B Common Stock or if the Company exercises its right of redemption referred to below.

Pursuant to the Rights and Restrictions Agreement, The Coca-Cola Company has also granted the Company the right, from January 27, 1995 through January 27, 2019, to call for redemption in full or in part the number of shares that would reduce The Coca-Cola Company's ownership of the equity of the Company to 20% at a price (which will not be less than \$42.50 per share except with respect to shares acquired pursuant to the rights described in the preceding two paragraphs) and on such terms as set forth in the Rights and Restrictions Agreement. The option will expire prior to the end of its stated term if Mr. Harrison, III ceases to exercise voting control with respect to the Company.

The Coca-Cola Company was also given the right to have its designee proposed by the Company for nomination to the Company's Board of Directors and to have such person nominated at each subsequent election of the Company's directors, subject to certain conditions. Carl Ware's appointment as a director of the Company was made in accordance with the terms of this agreement. Mr. Ware was Executive Vice President, Public Affairs and Administration of The Coca-Cola Company until his retirement in February 2003.

Voting Agreement and Irrevocable Proxy. The Coca-Cola Company and Mr. Harrison, III are also parties to a Voting Agreement dated January 27, 1989 (the "Voting Agreement"). Pursuant to the Voting Agreement, Mr. Harrison, III agreed to vote his shares of Common Stock and Class B Common Stock for a nominee of The Coca-Cola Company for election as a director to the Company's Board of Directors. Additionally, The Coca-Cola Company granted an irrevocable proxy (the "Irrevocable Proxy") with respect to all shares of Class B Common Stock and Common Stock owned by The Coca-Cola Company to Mr. Harrison, III for life. The Irrevocable Proxy covers all matters on which holders of Class B Common Stock or Common Stock are entitled to vote other than certain mergers, consolidations, asset sales and other fundamental corporate transactions.

Pursuant to the terms of the Voting Agreement, Mr. Harrison, III was granted the option (assignable to the Company) to purchase the shares of Class B Common Stock held by The Coca-Cola Company for \$38.50 per share plus an amount sufficient to give The Coca-Cola Company a 25% compounded annual rate of return from May 7, 1987 after taking into account dividends and other distributions previously received thereon. This option may be exercised if the disproportionate voting rights of the Class B Common Stock are terminated for certain reasons.

The Voting Agreement and Irrevocable Proxy terminate upon the written agreement of the parties or at such time as The Coca-Cola Company no longer beneficially owns any shares of the Company's Common Stock. The Irrevocable Proxy also terminates at such time as either

(a) Mr. Harrison, III or certain entities controlled by him do not beneficially own 712,796 shares of Class B Common Stock that are currently part of the holdings of the Harrison Family Limited Partnerships or (b) certain trusts holding shares of Class B Common Stock subject to the Voting Agreement do not beneficially own at least 50% of the Class B Common Stock held by them at the date of the Voting Agreement.

Sales to Coca-Cola Enterprises Inc. under this agreement were \$46.6 million in fiscal year 2005. The Sales and Services Company negotiated the procurement for the majority of the Company's raw materials (excluding concentrate) in 2005. The Company paid \$.2 million in fiscal year 2005 to the Sales and Services Company for the Company's share of the Sales and Services Company's administrative costs. Coca-Cola Enterprises Inc. is a member of the Sales and Services Company.

Total payments under this lease were \$3.4 million in fiscal year 2005.

The Company leases its corporate headquarters and an adjacent office building from Beacon Investment Corporation, of which Mr. Harrison, III is the sole stockholder. Total payments under this lease were \$3.3 million in fiscal year 2005.
