Item 2.01. Completion of Acquisition or Disposition of Assets.

On October 28, 2016, Coca-Cola Bottling Co. Consolidated (the “Company”) completed the acquisition from Coca-Cola Refreshments USA, Inc. (“CCR”), a wholly-owned subsidiary of The Coca-Cola Company, of the following (the “October 2016 Acquisitions”):

- distribution assets that included (i) rights to distribute certain cross-licensed brands distributed by CCR in territories located in Indiana, Kentucky, Ohio and West Virginia served by distribution facilities located in Cincinnati, Dayton, Lima and Portsmouth, Ohio and Louisa, Kentucky as well as (ii) other assets used by CCR in the distribution of the cross-licensed brands and of The Coca-Cola Company brands, as contemplated by an asset purchase agreement dated September 1, 2016 between the Company and CCR, a copy of which was filed with the Securities and Exchange Commission (“SEC”) on September 6, 2016 (the “Distribution APA”); and
- a regional manufacturing facility located in Cincinnati, Ohio and related assets, as contemplated by an asset purchase agreement dated September 1, 2016 between the Company and CCR, a copy of which was filed with the SEC on September 6, 2016 (the “Manufacturing APA”).

The October 2016 Acquisitions are the latest in a series of previously-announced transactions the Company has engaged in with The Coca-Cola Company and CCR as part of The Coca-Cola Company’s plans to rebrand its North American bottling territories, by which the Company has significantly expanded its distribution and manufacturing operations. In addition to the October 2016 Acquisitions, the Company has closed the following acquisitions in fiscal 2016 with CCR (together with the October 2016 Acquisitions, the “Acquired Business”):

- on January 29, 2016, acquired (i) distribution assets that included rights to distribute certain cross-licensed brands distributed in the territories by CCR as well as the assets used by CCR in the distribution of the cross-licensed brands and of The Coca-Cola Company brands for territories served by distribution facilities in Easton and Salisbury, Maryland and Richmond and Yorktown, Virginia, and (ii) a regional manufacturing facility located in Sandston, Virginia and related manufacturing assets for a cash purchase price of \$65.7 million, which remains subject to post-closing adjustment;
- on April 1, 2016, acquired distribution assets that included rights to distribute certain cross-licensed brands distributed in the territories by CCR as well as the assets used by CCR in the distribution of the cross-licensed brands and of The Coca-Cola Company brands for territories served by distribution facilities in Alexandria, Virginia and Capitol Heights and La Plata, Maryland for a cash purchase price of \$35.6 million, which remains subject to post-closing adjustment; and
- on April 29, 2016, acquired (i) distribution assets that included rights to distribute certain cross-licensed brands distributed in the territories by CCR as well as the assets used by CCR in the distribution of the cross-licensed brands and of The Coca-Cola Company brands for territories served by distribution facilities in Baltimore, Hagerstown and Cumberland, Maryland and (ii) two regional manufacturing facilities located in Silver Spring and Baltimore, Maryland and related manufacturing assets for a cash purchase price of \$69.0 million, which remains subject to post-closing adjustment.

None of the acquisitions of the Acquired Business individually were significant under Rule 3-05 of Regulation S-X and Item 2.01 of Form 8-K; however, as a result of the October 2016 Acquisitions, the Acquired Business now is significant under Rule 3-05 of Regulation S-X and Item 2.01 of Form 8-K. The Company paid approximately \$268.3 million in the aggregate (subject to post-closing adjustments) for the Acquired Business, which was the result of the application of valuation principles which are customary in the soft drink industry (e.g., application of an EBITDA multiple to determine the brand business values and the use of net book values for the distribution and manufacturing assets and working capital).

Description of Agreements and Exhibits are Qualified by Full Text. The foregoing descriptions of the Distribution APA and the Manufacturing APA are qualified in their entirety by reference to the full text of such agreements and all exhibits thereto, which are filed as Exhibit 2.1 and Exhibit 2.2, respectively, to this Current Report on Form 8-K and incorporated herein by reference.

Important Warning Regarding the Information in the Distribution APA and the Manufacturing APA and the Exhibits to Such Agreements. The Distribution APA and the Manufacturing APA, including any exhibits to these agreements, have been included to provide investors with information regarding their terms. There are representations and warranties contained in these agreements which were made by the respective parties to each other as of specific dates. Moreover, certain representations and warranties may not be accurate or complete as of any specified date because they are subject to a contractual standard of materiality that is different from certain standards generally applicable to stockholders or were used for the purpose of allocating risk between the respective parties rather than establishing matters as facts. Based upon the foregoing reasons, you should not rely on the representations and warranties as statements of factual information. In addition, information concerning the subject matter of the representations and warranties may change after the date of each such agreement, which subsequent information may or may not be reflected in the Company's public disclosures. Investors should read the Distribution APA and the Manufacturing APA, as well as all exhibits to these agreements, together with the other information concerning the Company, The Coca-Cola Company and CCR that each company or its affiliates publicly files in reports and statements with the SEC.

Relationship between the Parties. The business of the Company consists primarily of the production, marketing and distribution of nonalcoholic beverage products of The Coca-Cola Company in the territories the Company currently serves. Accordingly, the Company engages routinely in various transactions with The Coca-Cola Company, CCR and their affiliates. The Coca-Cola Company also has a designee serving on the Company's Board of Directors. For more information about the relationship between the Company and The Coca-Cola Company, see the description thereof included under "Related Person Transactions" in the Company's Notice of Annual Meeting and Proxy Statement for the Company's 2016 Annual Meeting of Stockholders filed with the SEC on March 30, 2016.
